SURREY NORTH DELTA LEADER

First construction, then contemplation

By Ryan Starr - Surrey North Delta Leader

Work began last week on the Labyrinth Project in Fleetwood Park at 80 Avenue and 160 Street.

The labyrinth – a circular, winding path made of gravel and defined by granite paving stones – is intended to serve as a metaphor for the journey of life, offering walkers a space for reflection and contemplation.

At a cost of \$30,000, to be split between the City of Surrey and various donors, construction of the labyrinth is expected to be completed by the end of August.
